

HEADWEAR 3D SAMPLING SERVICE

CLO Summit New York · September 2026

A headwear factory that works in CLO.

Send one style. Get a 3D sample back in four days. No cost.

52 years

headwear manufacturing since 1974

9 shapes

already built as 3D blocks

4 days

request to delivered 3D sample*

Free

3D samples are currently free of charge

* Lead times may vary with our 3D team's workload.

3D SHAPE LIBRARY

Every hat type we make is already built as a block.

Trucker · Baseball cap · Fitted · Snapback · Camper · Runner · Visor · Bucket · Beanie. We also build washed, rope and perforated variations. Nothing is modeled from scratch.

3D SAMPLE SHOWCASE

Real enough for real feedback.

PHYSICAL SAMPLE

Panel seams, crown structure, visor curve, sweatband, and where the embroidery lands. All of it carries into the file.

3D SAMPLE

3D SAMPLE SHOWCASE

One cap, any angle.

Every view here comes out of the 3D file. None of it was photographed.

3D SAMPLE SHOWCASE

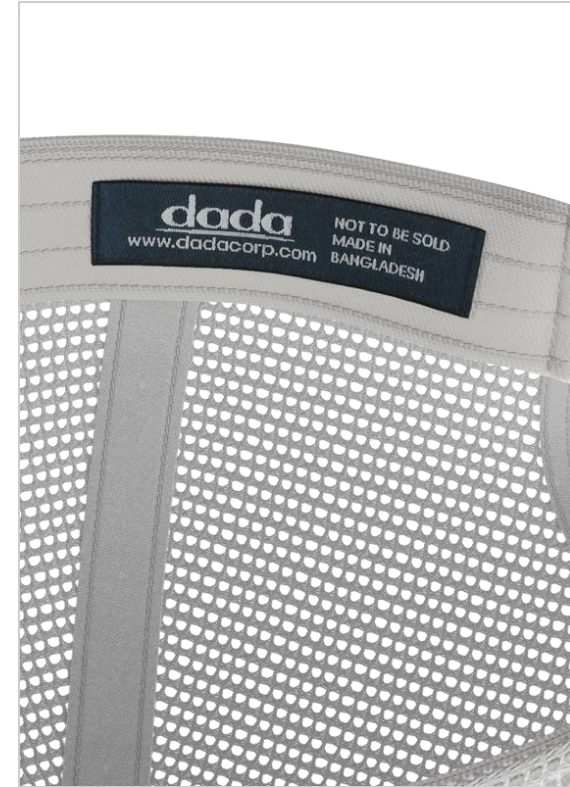

Close enough to check the build.

Crown and eyelets

Inside crown and taping

Sweatband label

Panel seams, taping, the label position. You can check all of it before a cap exists.

CUSTOMIZATION

What you can change, and how fast.

FABRIC

3 days*

EMBROIDERY · PATCH · PRINT

1–2 days

TRIM · ADJUSTER

1 day

COLORWAY · EYELET · STITCH

right away

* Once a fabric is in our scan library, it applies right away.

SAMPLE LEAD TIME

3D SAMPLE

4 DAYS

from request to delivered 3D sample*

And once the first 3D sample exists, color and trim changes come back the same day.

* Lead times may vary with our 3D team's workload.

PHYSICAL SAMPLE

2–3 WEEKS

per round, including shipping

USE CASES

Three jobs that used to cost a physical round.

Each one meant two to three weeks of waiting. In 3D it comes back in four days.

01

Developing an idea

Work out shape, proportion and detail in 3D before the first cap is made.

02

Various colorways at once

See every colorway side by side on one block.
No extra round for each one.

03

Small changes to a carry-over

Move a label, swap a fabric, change a trim.
Check it in 3D instead of sampling the style again.

Decide in 3D. Approve in physical.

REVIEW ON CLO-SET

Review and comment in your browser.

■ View in 3D

Any angle. No installation.

■ Comment on the spot

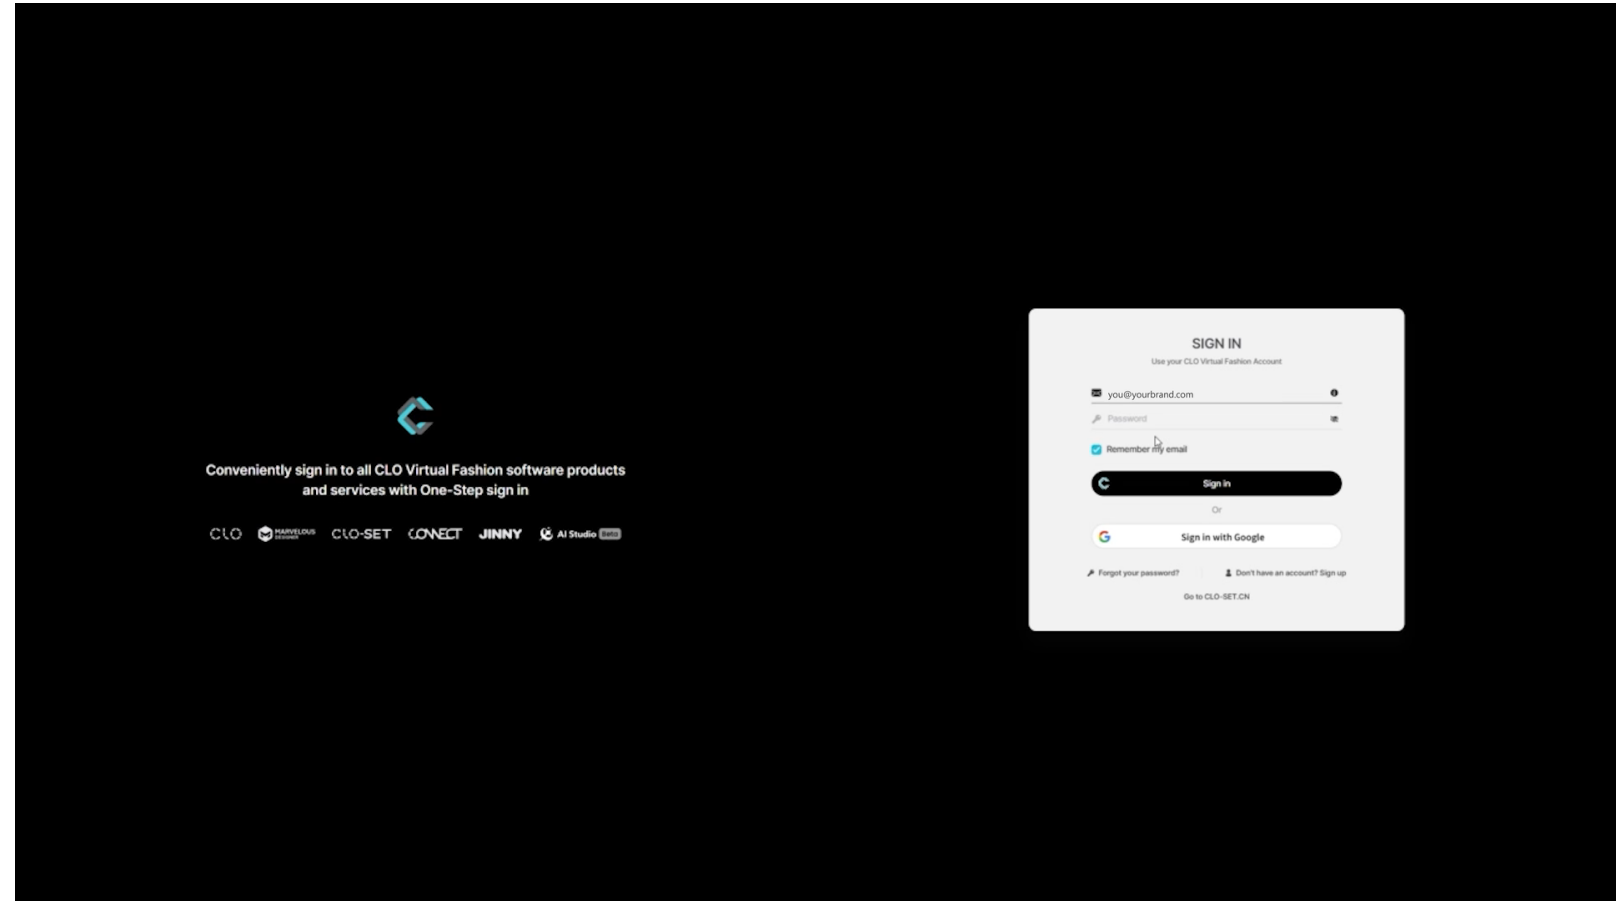

Pin feedback directly onto the 3D sample.
No screenshots, no confusion.

■ Easy custom

Color variations available.

■ No license needed

CLO-SET access costs you nothing.
One invitation link is all it takes.

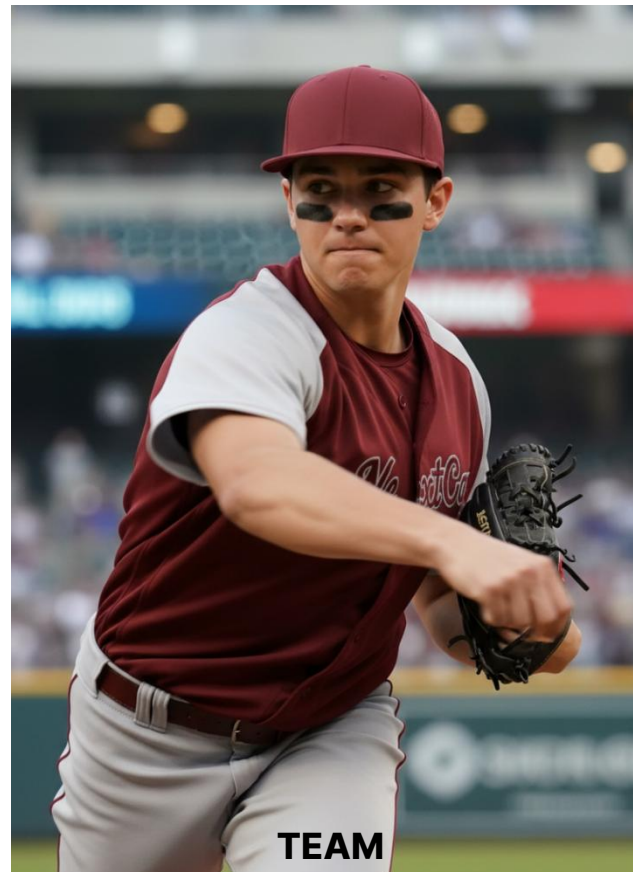

BEYOND 3D**From 3D sample to AI lookbook.**

The same 3D file can power AI lookbook visuals. Fit and styling in context, without a photoshoot.

** AI-based lookbook is used internally to enhance 3D visualization quality.*

Created in  & AI

START HERE WITH US

Start with one style.

Send a tech pack, a physical cap, or clear photos. Your 3D sample comes back in four days, free of charge.

01

Send a request*

Email us at info@e-dada.com.
Send a tech pack, clear photos
(front / side / back),
or ask us where to ship a physical cap.

* For best color accuracy, include color codes:
PANTONE (TCX / TPG), CMYK, RGB, or HEX.

02

We build it

Our Design team builds and renders your
3D sample within 4 days.

03

Receive & decide

Get a multi-angle 3D file.
Request variations, confirm, and move on.

See our shapes in 3D.

Request access to our CLO-SET shape library.
